**OUR VISION:**

**LOVELUVV IS MORE THAN JUST A CHAMPAGNE**

It has been specifically curated for every occasion where love and celebration intertwine. Leveraging its elegance, we support organizations working to improve the lives of domestic violence survivors and prevent its recurrence in the generations ahead.

**TASTING NOTES**

Our winemaker says: Distinctive aromas of white flowers and honey. Flavors of granny smith apple and lemon zest. The finish is fresh with light notes of warmed buttery brioche. We say: We're getting all kinds of deliciousness! It opens with notes of hopeful potential, continues on the palate with good times, and it ends with notes of how they all lived happily ever after.

**THE CRU**

Vertus, the second largest village in the Champagne region of France, is located in the Côte de Blancs subregion. It is one of the highest rated Premier Cru villages. That simply means it has the best environment and land for growing really rich and flavorful grapes.

**THE VINEYARD**

This vineyard was the first ever in Champagne to be certified with the sustainable method viticulture raisonnee, which means it has received the highest possible environmental value certification. The winemaker believes in minimal intervention, which is essentially akin to a "natural" wine. Their wines truly express the nature of their terroirs.

**APPEARANCE**

Simply stunning. Many champagnes are a pale gold color, as ours is. Only, like you, ours wears it better.
